

# AX – GSM 700

Monitoring ruangan tanpa dibatasi jarak. Anda dapat memonitor ruangan dari manapun dan kapanpun juga.

- ✦ Monitoring ruangan dengan sistem "active voice".  
Jika terdeteksi adanya suara dengan level yang lebih tinggi dari setting sensitifitas suara, maka modul akan mengirim SMS dan melakukan panggilan secara otomatis.
- ✦ Untuk memonitoring secara aktif dengan cara menghubungi No. SIM Card yang terdapat dalam modul AX – GSM 700, kapanpun waktu yang dikehendaki. Sensitifitas sistem deteksi suara dalam ruangan dapat diatur hingga 4 level sensitifitas.
- ✦ Fungsi deteksi suara dapat dimatikan melalui perintah SMS.
- ✦ Sensitifitas microphone dapat diatur melalui perintah SMS.
- ✦ Dilengkapi "shock detection"  
Secara otomatis akan menghubungi anda jika modul AX – GSM 700 mendeteksi adanya guncangan (jika modul disembunyikan di dalam mobil).
- ✦ "Shock detection" dapat diaktifkan atau dimatikan – ON/OFF melalui perintah SMS.

## Technical Datas

Network	GSM 900/1800/1900
Power consumption	20mA standby mode 200mA monitoring mode
Audio Surveil l ance	-75db
Voice active method	Environment voice filtering, directed human voice sensor.
Shock active method	Internal Shock active sensor.
Device configuration method	Password protected SMS Text message
Active way	Voice active alert through SMS and call back.
Battery	3. 7Vdc at 550m
Dimension	42x33x12 mm (include 550mA battery pack)
Charge voltage	5V-6VDC 500mA
Charger input volt	100-240VAC
Battery Life	Standard Mode : 10 hari Call Mode : 8 jam
Microphone	Ported electret-condenser with FET amplifier
Sistem Control	RISC based microcontroller

Supermini volume. Its size is much little than CF card's

Time of standing-by is long. Matching it with Li-battery, it can last 1 week for standing-by

for  
GSM 900/1800/1900

It backs up 900/1800/1900 triband system (it can come with card easily)

It has function of Text Fwd and Alert. It will advise When there is incoming telegram or news in brief in your phone

It can be put in any kinds of disguised product, and used as disguised monitor
